Complete Product Range

NEPHRO machines and complete consumables portfolio

The portfolio presents both machine families and all supporting hemodialysis products available on the Pioneers Pharma website, presented under the NEPHRO range.

NEPHRO-6000 - Single Pump

Hemodialysis machine with triple safety protection, 15-inch touchscreen and online Kt/V monitoring.

MACHINE

NEPHRO-6000S / 6000R - Double Pump

Hemodialysis machine with AOS online A+B powder, BAS automation and Kt/V monitoring.

MACHINE

PP Hollow Fiber Dialyzer - HF Series

Polyethersulfone high-flux dialyzer, 1.4-2.4 m², BPA/DEHP-free and radiation sterilized.

PRODUCT

Tubing Sets for Hemodialysis

Medical-grade PVC blood lines, DEHP-free option and multi-machine compatibility.

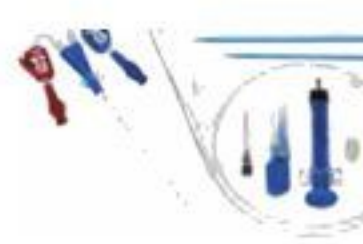

PRODUCT

A.V. Fistula Needle Sets

14G-17G fistula needles, 25/32 mm length, fixed or rotatable wings.

PRODUCT

Hemodialysis Catheter Kits

Single, double and triple lumen options; 8-14 Fr; 5-25 cm; complete kit.

PRODUCT

Disposable Hemodialysis Care Kits

Sterile single-use kit: drape, gloves, mask, syringe, IV line and more.

PRODUCT

Complete NEPHRO Range

2 machine families + 5 product categories
CE 1639 and ISO 13485 certifications

Hemodialysis Machines

Single Pump and Double Pump

Engineered for safe and reliable HD treatment, the NEPHRO machine range combines a rotatable touchscreen, monitoring functions and automated treatment support.

NEPHRO-6000 Hemodialysis Machine - Single Pump

Single Pump

- Triple safety protection
- 15-inch rotatable touchscreen
- Online Kt/V and clearance monitoring
- Ultrafiltration 0-3600 ml/h ($\pm 1\%$)
- Integrated endotoxin filter and bicarbonate cartridge

NEPHRO-6000S / 6000R Hemodialysis Machine

Double Pump

- AOS online A+B dry powder system
- BAS bidirectional automation
- Automatic priming, blood drawing and blood return
- Online Kt/V monitoring
- 15-inch rotatable touchscreen

Safe and efficient blood-purification therapy

Designed to support patient safety, clinical precision and reliable performance.

Hollow Fiber Dialyzer HF Series

NEPHRO HF Series high-flux PP hollow fiber dialyzers use a polyethersulfone (PES) membrane for effective toxin removal and biocompatibility.

- ✓ Polyethersulfone (PES) membrane
- ✓ High-flux performance
- ✓ BPA-free membrane and DEHP-free cap/housing
- ✓ Radiation sterilized
- ✓ Effective surface area 1.4-2.4 m²
- ✓ Max TMP 500 mmHg

Technical Summary

Model	Surface Area (m ²)	Priming Volume (mL)	KUF
B-14HF	1.4	87	48
B-16HF	1.6	100	55
B-18HF	1.8	109	60
B-20HF	2.0	120	66
B-22HF	2.2	138	72
B-24HF	2.4	156	77

Blood Tubing & Vascular Access

Consumables designed for reliable dialysis sessions, secure vascular access and consistent clinical workflow.

Tubing Sets for Hemodialysis

- Medical-grade PVC
- DEHP and DEHP-free options
- EO / Gamma / E-Beam sterilization
- Smooth inner wall and elastic pump segment
- Compatible with major dialysis platforms

A.V. Fistula Needle Sets

- Gauge 14G-17G
- Needle length 25 / 32 mm (± 2)
- Fixed or rotatable wing
- Ultra-thin siliconized wall
- Smooth low-pain penetration

Catheter Kits & Disposable Care Kits

Hemodialysis Catheter Kits

- Single, double and triple lumen options
- 8-14 Fr range
- Catheter length 5-25 cm
- Soft radiopaque tip with side holes
- Standard kit includes catheter, dilator, introducer needle, syringe, guidewire, heparin caps and scalpel

Disposable Hemodialysis Care Kits

- Sterile single-use kit
- EO sterilized
- Customizable configuration
- Typical contents: drape, gloves, mask, band-aids, tape, iodine swab, alcohol pad, syringe and IV line

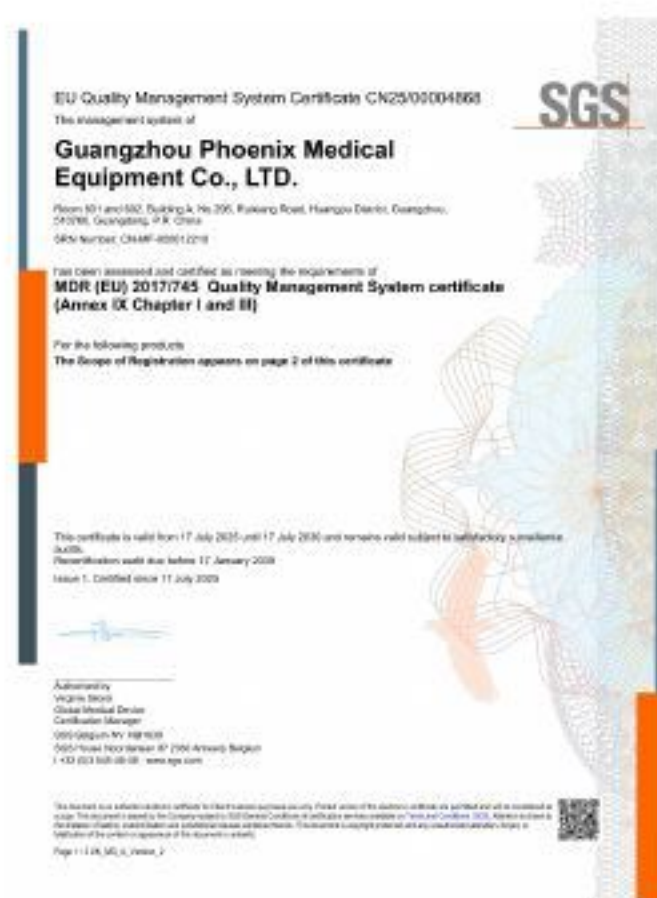

Quality & Certifications

Independent SGS certification adds credibility and value

Current CE and ISO certificates strengthen the company presentation and reassure healthcare buyers, distributors and dialysis centers.

Why Pioneers Pharma

Reliable **NEPHRO** solutions for dialysis care

Pioneers Pharma combines a complete NEPHRO portfolio, certified manufacturing quality and responsive support for healthcare providers and distributors.

Reliable Supply

Consistent availability and on-time delivery you can depend on.

Certified Quality

Products manufactured under internationally recognized quality systems.

Broad Product Range

Machines, dialyzers, tubing lines, vascular access and care kits.

Responsive Support

Dedicated support from catalog request to after-sales follow-up.
